

Tutoring Programs

The Canadian Parents for French Virtual Tutoring program was created for parents who made a commitment to have their children learn French. The program provides students from 5 to 14 years of age with additional support for their French as a second language (FSL) learning journey.

Find a Tutor

CPF's free tutoring program is available to all member families, and seeks to support children aged 5-14. The program is run and supported by French-speaking volunteers.

The next session begins in Spring 2025.
All information in regards to registration will be sent to those that join our communication list.

Become a Tutor

We are always looking for qualified and energetic volunteers to help us with our tutoring program!

Anyone over 14 can apply to be a tutor with CPF, though those under 18 will need a guardian's permission. All tutors are vetted through an interview process. We ask that volunteers sign up for a minimum of 1-2 hour per week.

The program offers senior high school students an opportunity to build their required volunteer hours while helping other students follow in their bilingual footsteps!

Apply now

How does it work?

- Children spend one hour/week in a one-on-one session with a volunteer French-speaking tutor.
- The service is offered free or at a very low cost.
- Sessions take place virtually, so a computer, camera, microphone and internet connection are required.
- This program is open to CPF members across Canada. There is a \$40/child non-refundable registration fee to participate in the program.
- Full and partial scholarships are available to families who need financial assistance.

Questions? Please contact virtualprogramassistant@cpf.ca

Please note

A membership is required to register for the tutoring programs. If you do not have up, you may sign up for one when you register.

What are the benefits of this program?

The benefits of this program are endless, as it:

- Exposes students to a variety of French accents
- Offers informal and friendly conversational support
- Promotes bilingualism among Canadian youth
- Builds confidence and resilience
- Is a fun and safe way for your child to improve their French!

What do students work on?

Tutors come to each lesson prepared with a variety of fun-filled activities that are both engaging and instructional on a specific, interesting topic! Students will work on activities that will focus on reading, writing, speaking, and listening in French. If there is spare time in the one-hour session, students can ask for help on their French homework.

FAQ

Does this program follow a curriculum?

Will my child have the same tutor each week?

Is my child guaranteed a session every week?

Can I enroll all my children in the program?

Who are the tutors?

How do you become a tutor and what's involved?
