What People Say About Marco Polo Inn!

“

“

"We couldn't believe how quaint an inn this was. Very cozy atmosphere."

B. Edwards

“

"I didn't think that there were campgrounds this close to all the amenities. We walked to most of the attractions!"

B. Stevenson

“

"The inn was very charming and clean. We absolutely loved the large porch with Muskoka chairs to relax on and had lots of privacy throughout our stay. The bathroom was spacious too. The inn is in close proximity to the Anne of Green Gables attractions and many other things. We really enjoyed the complimentary breakfast at Rachael's Ristorante down the street, it made the mornings something to look forward to!"

Lauren

“

"Our room was in a lovely old two-story. Although the room was small with a small bathroom, it was within our expectations for the price. A full complimentary breakfast was provided in a restaurant just down the road where the food and service was excellent."

Terry

“

"Stayed at the "manor" and loved it! Close to Anne of Green Gables sites and Cavendish beach! Clean and refreshing. Would love to take my grandchildren and camp there."
